

To Whom It May Concern

This is to confirm that NFT is our exclusive dealer in Middle East, operating from UAE, and all hoists, masts and spare parts are coming from our factory under the name of "Orbit" which consider a top of the range of hoists, due to special specs & extra finishing works, in addition to the special features & components on this hoists which only delivered to NFT.

We are giving full support to NFT who is capable to handle our hoists business in the Middle East region, because they have expert technician well trained in our factory, large stock of Genuine spare parts, masts & racks, all coming and produce in our GJJ factory.

Also, NFT has many stocks of hoists which can answer any inquiry on the spot.
