

NFT SPECIALIZED IN TOWER CRANES

NABIL AL ZAHLAWI

CHIEF EXECUTIVE OFFICER AND MANAGING DIRECTOR

NFT Specialized in Tower Cranes, based in the UAE with a 35-year presence in the Middle East, supplies a specialised range of tower cranes, passenger hoists, construction equipment and construction tools. NFT is also the sole dealer for Potain Tower cranes, GJJ/Orbit, and Pega hoists in the Middle East. NFT has a presence in in Asia, Europe, Africa and Australia and employs 1500 employees worldwide.

NFT's fleet includes 2000 new and used tower cranes, over 500 hoists and a stock of spare parts, supplied from its yard in Abu Dhabi. The company has service offices in Dubai, Oman, Bahrain, Syria and Jordan. In Saudi Arabia, NFT has a sister company called

Arabian Towers Company with its own depot of tower cranes. NFT also has other branches in the GCC and Lebanon.

In 2017, NFT opened its branch office in Kuwait city and bagged the Kuwait International Airport project. This year, NFT sold the first Potain CCS tower crane in the UAE for the Masdar Institute Neighborhood project.
